

IOTA TUTORIAL 28

How to send sensor data to the tangle using Masked Authenticated Messaging

INTRO

- In this tutorial I will demonstrate how to send actual sensor data to the tangle using Masked Authenticated Messaging.

SEND SENSOR DATA TO TANGLE USING MAM

- A complete step-by-step guide how to send sensor data to the tangle using Masked Authenticated Messaging can be found at:
https://www.mobilefish.com/developer/iota/iota_quickguide_raspi_mam.html
- The source code used in the guide can be found at:
<https://github.com/robertlie/dht11-raspi3>
